

# Anypoint Platform Architecture: Solution Design

## Setup Requirements

To complete the exercises in this class, you need:

1. **A computer**
2. **Unrestricted internet access to port 80 (with > 5Mbps download and > 2Mbps upload)**

You need to download course files during class and access applications on the internet.

If you are taking an online class, you also need:

3. **The ability to use WebEx**

For operating system and browser requirements, see:

<https://help.webex.com/docs/DOC-4748>

To test your browser and install the necessary browser plugin, follow the instructions at:

<http://www.webex.com/test-meeting.html>

4. **VoIP capabilities or a telephone**

Using voice over IP (VoIP) is recommended although WebEx also provides integrated telephone conferencing in some regions.

5. **A headset**

A headset is highly recommended but if you do not have one, be sure to have good computer speakers and a microphone.

You also need to install and/or set up the following software and accounts **BEFORE** class:

1. **A drawing/diagramming tool**

Popular tools include the following:

- draw.io: <https://www.draw.io/>
- Lucidchart: <https://www.lucidchart.com/>
- Visio: <http://products.office.com/visio>
- OmniGraffle: <http://www.omnigroup.com/omnigraffle>

2. **A tool for defining APIs**

Suggested tools include:

- Anypoint Platform - API designer: <https://anypoint.mulesoft.com>

Anypoint Platform requires a minimum screen resolution of 1024x768 and the latest version of Firefox or Chrome or Internet Explorer 10 or newer.

<https://docs.mulesoft.com/mule-user-guide/v/3.9/supported-sw-and-systems>

- API Workbench: <https://apiworkbench.com>

### 3. A MuleSoft Learning Management System account

<http://training.mulesoft.com/login.html>

The MuleSoft Learning Management System (LMS) hosts all of the resources, links, and files for the class. When your registration for class is confirmed, you will receive an email with information to access the LMS. Before class, make sure you can successfully log in to the LMS.

You will get access to the course materials right before class starts and will download them with your instructor.
